To Whom this may concern 6-6-05

I would like to bring to your attention my convictions concerning the Animal Identifocation issue that seems to come into being. As a Bishop of the Old Order Amish I base my convictions on Revelations, Chapter 14 verse 9-11. It causes great concern when government suggests using computer micro chips, or such for Animal I. D.

I would like to express my appreciation in this, that we are allowed to live under a government that is willing to listen to the voice of the people.

Sincerely yours
