Dear Sir,

Greetings,

In regard to your write up in the news paper about puting numbers in cattle and on farms makes us nervous.

Its to be religous freedom in the U.S.A.

We are against those numbers.

We are a sect of the old orders amish, please respect our believe.

We do feel to respect the goverment as long as its not against our believe, but we can't just go on with numbers, numbers.

Hope to hear.

Yours truly

Rudy N. Hochstetler
