Dear Friends,

In concerns of the animal ID and Premises ID.

We as common old order Amish People have great concerns on this act. As in the new testament in the Revelations chapter 20 Verse 4. We do believe this new act could come to where we might not be able to buy or sell unless we had the No. which could be referred to the beast that the Revelations reads about. We hope Gods leading hand can protect us if we are found worthy to such.

Sincerely,

Eli E. Contrazo Jr.

P.S.
We as religious people believe this will go against our beliefs & Freedom.
